Birgit Poniowski
Director, Resource Mobilization and Development,
International AIDS Society

Birgit Poniowski leads donor and sponsor relations and new business development at the International AIDS Society/IAS. In this role, she works across the organization to identify and shape new partnership opportunities and provides strategic leadership on donor and sponsor engagement. Prior to joining the IAS, she was the Director for Investment and Partnerships at the Global Alliance for Improved Nutrition, and earlier managed partnerships and supported the organization's multi-stakeholder governance processes in her capacities as Partnership Forum Manager and Manager, Board Relations at the Global Fund to Fight AIDS, Tuberculosis and Malaria. Previously, at the United Nations University in Tokyo, she developed and managed a broad range of activities targeted at strengthening institutions in developing countries through collaborations between United Nations system organizations, academia, and the private sector. She was educated in Japanese Studies, Political Science and Geography at Bonn and Heidelberg Universities in Germany and International Christian University in Tokyo, Japan. She holds a PhD from Heidelberg University, Germany.
